

MONEY MODIFICATION

By signing below, I am consenting to Adventure Credit Union completing a hard inquiry on my credit report for the purpose of completing a debt analysis. If the credit union is able to save me money by refinancing or consolidating any of my existing loans, and I wish to pursue it, I understand that I will be required to complete a separate loan application. Any subsequent loan application will still be subject to Adventure Credit Union's creditworthiness and underwriting guidelines. The Money Modification program is not a promise to lend. Nor are participants in the Money Modification program obligated to apply for, or accept a loan.
